Group competencies

Specialization and close cooperation within the Lubawa Group ensure
the security of an uninterrupted supply chain

Production and processing
of woven and knitted fabrics

Finishing and printing

Advanced end product

LUBAWA SA

An expert in the production of ballistic protection, bulletproof vests, tents, complex equipment systems and decoys. The company also specializes in the production of coated fabrics.

Lubawa S.A. has confirmed its expertise with NATO certificates, quality management standards and systems for the control of the production of and trade in special-purpose goods.

LITEX PROMO

Litex Promo is a manufacturer of Outdoor & Indoor advertising products in Poland.

It has been on the market since 1993.
The company's strength is that the entire production process is carried out end-to-end on its own premises.
Litex Promo is the main supplier of advertising media for many well-known brands in Poland and worldwide.

The experience gained by Litex Promo in both the domestic and international markets inspired the creation of the Litex Garden brand.

Litex Garden offers the opportunity to spend leisure time in harmony with nature and the surroundings. Garden umbrellas, canopies and furniture that let you enjoy a unique atmosphere in the garden.

miranda TEXTILES

Manufacturer of high-quality woven and knitted fabrics, as well as finished textile products with unique functional properties.

A modern machine park enables an innovative approach to production processes.

miranda MILITARY

Miranda Military produces high-quality, technologically advanced polyester, polyamide and blended woven and knitted fabrics, as well as finished products with unique functional properties, such as camouflage nets and military and specialist fabrics.

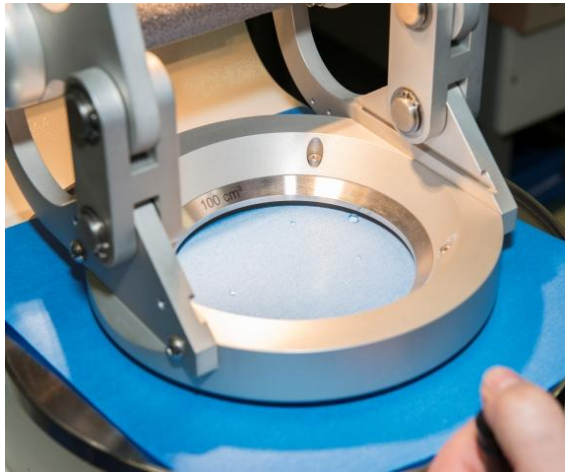

Effect-System has a technologically advanced machine park, including a printing house, a finishing plant (fabric finishing), a sewing room and assembly, which ensures the delivery of products from design to finished item.
